Central park five: This documentary from award-winning filmmaker Ken Burns, tells the story of five black and Latino teenagers from Harlem who were wrongly convicted of raping a white woman in New York City's Central Park in 1989. The film chronicles the case, for the first time from the perspective of the five teenagers whose lives were upended by this miscarriage of justice. (Documentary) (From US, in English) M (A,L) CC

Iceman autopsy: Summary: Scientists examine the preserved corpse of ‘Otzi’, a Neolithic man found frozen in a glacier in the Alps in 1991.
